Scoop Summit: Commercial Service Packages

CHOOSE THE RIGHT SEASONAL SERVICE AGREEMENT FOR YOUR PROPERTY.

At Scoop Summit, we offer a variety of service packages designed around flexible contract lengths—so you can choose the plan that best fits your property's needs. Our no-winter agreements ensure your outdoor areas stay clean, welcoming, and guest-ready throughout the warmer months.

To accurately determine service pricing, acreage is measured using a mapping service based specifically on the areas you wish to have cleaned—not your property's total acreage.

- If possible, please provide a map outlining the areas you would like serviced.
- Alternatively, we are happy to walk the property with you and recommend service zones based on traffic patterns and high-use areas.

Below is a summary of our available service packages and terms. We look forward to helping you find the perfect fit for your property!
